OCEANS OF POSSIBILITIES

**DAMEN**  
DAMENSCHELDEPARTS.COM

# Sulzer & Wartsila

Having been the first licensee manufacturer of Sulzer main engines, Damen Schelde Marine Services has accumulated more than 100 years of expertise and knowledge. Our stock includes of all wear and tear parts, which allows us to offer a high service level. This means that, combined with our in-house forwarding department, urgent deliveries can be made immediately. We can supply spare parts from our warehouses in Vlissingen, The Netherlands (in the centre of the ARA region), Shanghai and Singapore.

Parts supplied by DSMS meet the required product specifications and therefore are of the highest quality standard. All class-relevant parts will be supplied with a class certificate.

**Piston crowns**

# Auxiliary Engines

With our in-house knowledge, quality control and unique stock position we offer the following scope of supply suitable for the following engine types:

## Daihatsu

- DE-18
- DK-20 (E)
- DC-17 (A)
- DE-23

## Yanmar

- EY-18
- N-18
- N-21
- EY-22
- EY-26

## B&W

- L 16/24
- L 23/30 (H)
- L 21/31
- L 28/32 (H)
- L 27/38

## Sulzer/Wartsila

- S 20
- L 20
- L 26
- L 32
- L 34
- L 38
- L 46
- L 50

# Overhaul & Services

Order pre-assembled packages such as 12,000, 24,000 and 48,000-hour overhaul kits from stock. Or let DSMS customise a kit according to your needs. We provide this service for all main and auxiliary engines within our scope of supply. These kits are kept in stock and are ready for immediate dispatch anywhere and anytime. We also offer personal budgeting consultations and yearly volume packages.

In addition to the above, DSMS offers a complete range of add-on services: for example the

maintenance/service works required for the installation of the overhaul packages we supply. We work with specialised and dedicated service engineers to deliver comprehensive servicing packages suitable for a wide variety of manufacturers and engine models, including Sulzer, Wartsila, MAN B&W, Daihatsu and Yanmar. Whether it is for an individual unit or an entire fleet. We are here to manage and execute the project from start to finish.

# SWD and ABC

As a new addition to our scope, we now also supply both new and reconditioned diesel engine parts globally, with a specialization on SWD and ABC type engines.

Supporting the maritime and power generation industries, we pride ourselves on offering high-quality spare parts of European origin at competitive prices. Our extensive inventory includes a wide range of components suitable for SWD and ABC type engines, ensuring a permanent stock to meet our customers' needs. Our ultimate goal is to ensure maximum efficiency and minimal downtime for our customers' engines.

Our scope of supply for SWD & ABC type engine parts is suitable for the following types:

## SWD

➤ 210

➤ 240

➤ 280

➤ 410

## ABC

➤ DZ

➤ DX

# Workshop

Our well-equipped and experienced workshop is capable to support you with a wide variety of repair and recon services. Prioritizing quality and customer demand, our reconditioning services optimize the longevity of your components while minimizing maintenance expenses. Specializing in the refurbishment of spare parts for four-stroke diesel engines, our facility has evolved to include ultrasonic cleaning and a spectrum of machining capabilities, encompassing turning, milling, drilling, and more.

**Suitable for ABC**

**Suitable for SWD**

# Air starters

To further expand our range of parts and to increase our service level with regards to our 4-stroke engine/generator scope, DSMS has added the availability of quality parts and services for air starters to its program. These parts are according to the latest maker specifications and are of the highest quality. We are offering parts, services, and complete air starters of the following brands:

- TDI
- Ingersoll Rand
- Gali

# Pneumatics & Hydraulics

Over the years, Damen Schelde Marine Services has become an expert in the field of pneumatics. We are official Emerson partner for the brands: Aventics, Wabco, Rexroth, Neumatics, ASCO.

With 70 years of experience as an OEM Sulzer manufacturer, Damen Schelde Marine Services has

full documentation of the entire configuration. We know which repair kits are needed for your Sulzer components.

We can recognise the relevant parts from their original part numbers, the Sulzer code numbers or even with the item numbers from the schematic layout.
